

**ROSALIE TAVERNIER HAPPINESS IS LIKE
A DAY BY THE SEA**

A day beside the sea can change everything.

A book for dreaming and being happy.

»To be able to see happiness and to find it always needs a little distance, which can't be measured in days or kilometers, but rather in times and free spaces in which we decide who we are and just do the things that are good for us.« ROSALIE TAVERNIER

With her enchanting little bestsellers – above all *Sometimes you just have to go to the seaside*, *Once in a lifetime* and *Why not just head for the wide open spaces* – Rosalie Tavernier has for some years been one of the most successful gift-book authors. And quite rightly – like no other author she expresses simple truths with charm and wit and constantly reminds us how important it is to see the beauty of small things and not to let ourselves be got down by our everyday routine. Her books are a successful inspiration for all her readers and an injection of savoir-vivre for the spirit.

In her new book Rosalie Tavernier shows us by means of many little suggestions that it is possible to create for ourselves the immensely important free spaces that allow us to find happiness. And what better place to find happiness than beside the sea?

- Inspiring ideas for everyone who wants to do themselves a little good.
- A book full of suggestions – after reading them every reader will feel better.
- Poetic and practical at the same time.
